# Show Harness

Our show harness is the ultimate in fine show harness and is made in all sizes. All of the materials used are of the highest quality obtainable and much of it is made especially for us. We use only the finest hardware and non-crack patent leather. That, along with quality in handcrafting and design, make this harness the choice of the discriminating expert.

# Training Harness

For many years we have worked closely with the country's top trainers to develop what is now recognized by most horsemen to be the finest line of training harness and equipment made. We make our training harness in several grades and styles, using only the best hardware and leather available to assure your set of harness will last many years with proper care.

# Training Equipment

All of our harness is very adaptable to the use of snap-on traces and tugs (our quick-hitch package) should they be desired. Harness is available by the piece to allow you to put a set together as your pony or horse advances in training to biting, longline, and finally to jogging.

We train and show ourselves, we know what works and what doesn't. We are always happy to advise and remember, we use our very own test lab.
